

Valueforge Business Continuity Solution

Is your data safe? Are you sure your backups really work? Would your business survive a fire, tornado, hurricane, earthquake or even a simple server hardware failure? How long would it take your business to get back up and running if your server crashed? Not getting the answers you want to those questions? Call Valueforge and we will make sure the answers you get are: "Yes, Yes, Yes, 40 minutes".

Valueforge Inc's Small Business Continuity Solution features

- Fast Recovery for files and email
- The ability to get your business back up and running in minutes, not days.
- Built-in archiving to rid yourself of costly tapes, offsite storage facilities and downtime while waiting on restores.
- Available automatic duplication to Internet-based offsite storage
- 24X7x365 Monitoring and Management insuring data integrity
- Business continuity, not merely backup

To find out how your business can upgrade from simple data backup to a full Business Continuity Solution for little more than you are currently spending, call 724.327.2010
